Does Putting Public Safety into the Hands of Lobbyists and For-Profit Companies Really Sound like a Good Idea?

The Florida Legislature is back at its' old games of putting you and your family's safety at risk. Two bills, SB 2036 and SB 2038, are being rushed through by Governor Rick Scott and the Legislative leadership in an attempt to silence Floridians' right to participate in Democracy. Last week these two bills were rushed through a 45 minute meeting and now are back up in the same committee so it can be expedited to the Senate Floor.

These bills will:

- **Eliminate thousands of jobs!**
- **Risk public safety by turning over prison security to the lowest bidder!**
- **Eliminate accountability for prison administration!**

BUT THAT'S NOT ALL...SB 2036 will

- **Allow the Legislature to privatize any state service with no substantive review!**
- **Eliminate any transparency from the process, allowing Legislative leaders to auction off Florida with no deliberation, cost benefit analysis or public input!**

The big out-of-state special interests who are pushing these bills gave huge campaign contributions to politicians and their allies in Tallahassee. This is a clear attempt by the Legislature to return the favor by putting your family's safety at risk so private contractors can make huge profits off of your tax dollars.

THESE BILLS ARE BEING RUSHED THROUGH WITH LITTLE PROCESS!

CALL THE MEMBERS OF THE SENATE RULES COMMITTEE NOW!

THIS COMMITTEE MEETING IS ON MONDAY AT 1PM! MAKE THE CALL NOW!

Tell the members in the Senate Rules Committee "NOT to be a rubber stamp for Governor Scott. Tell them to protect your community and all Floridians, NOT line the pockets of contractors and political donors. Tell them that privatization doesn't solve the problems facing Florida's working families."
